Wisdom and Healing Through Shamanic Journeys

Vicki Evans

Would you like to be able to receive more guidance from the spiritual realms? Shamanic journeys are a tool that shamans use to go to non-ordinary reality, to the places where they can have a strong and clear connection to their spirit helpers. Fortunately, you don't have to be a shaman to benefit from doing a Shamanic Journey. In this group, you get the opportunity to sit back, listen to the soft and rhythmic beat of the drum, and be guided into the spirit worlds where you are able to meet with guides who have come for you highest good and will bring wisdom and/or healing for you. Sometimes they come quietly with just a subtle presence so you know that you are in non-ordinary reality and allow you to relax and remember who you are. At other times they come with words or visions to bring forth the messages and healing for you. No experience is necessary. We will do two guided journeys unless everyone is experienced and then only the first one is guided.
