## HEALER / PSYCHIC of the MONTH

RACHEL MARA

Artist • Astrologer • Psychic • Tarot Reader • Sound Healing Practitioner • Teacher

Rachel uses her knowledge of cards and stars to empower others who share an affinity for the energy of the cosmos. What is a Moon Reading? Moon astrology reflects a part of the inner being— a hidden part of ourselves that we sometimes become disconnected from. A person's moon sign can indicate where they go to find comfort or how they are inclined to react on an instinctual level. The Moon reflects emotional awareness, or the emotional body, at any particular time and it continually changes over the course of a lifetime. Discover how a Moon Reading can reveal insights into your past, present, and future.

Available Thur for phone readings.  
Saturday in the store.
